Register for the Advocacy Day for Safe Routes to School, Pedestrian and Bicycle Funds

Sacramento • August 15 • 1 p.m.

California parents, advocates, local officials, teachers and students — make your voices heard at the state capitol in Sacramento by joining the Safe Routes to School National Partnership, TransForm, and WALKSacramento for an advocacy day right after the Safe Routes to School National Conference, on Thursday, August 15.

We will gather the evening before to explain what we are advocating for and how to lobby, and then head to the “Building” at 1 PM to meet with policy maker offices to advocate for legislation that will support Safe Routes to School and pedestrian and bicycle funds. For those not attending the conference, we’ll hold a special phone call to explain the details.

Mid-August is the perfect time for us to make an impact, as all bills that will be headed to the Governor’s desk must pass out of the Assembly and Senate by mid-September. The advocacy day will conclude by 5 PM so you can still travel home on August 15.

How to Register

Sign up for the advocacy day when you register for the Safe Routes to School National Conference! Registration opens in early May at: www.saferoutesconference.org.

Those not attending the conference who want to join the Advocacy Day can email molly@saferoutespartnership.org to register.

Please provide the following information:

Name, Organization, Home Physical Address, Email, Phone
